

## Spreader Bar for Forklift

Forklift Spreader Bars - ELME has been proudly operating ever since 1974, becoming the largest independent spreader manufacturer all over the globe. They are a devoted manufacturer of spreaders for lots of various applications like for example the trailers, handling of containers and swap bodies.

Engineering is done in house by way of utilizing all of the latest CAD systems and FEM tools. The ELME business currently has over 125 personnel. Their spreaders are supplied to reach straddle carriers, lift trucks, gantry, quayside, ship-to-shore cranes and stackers around the globe.

The product collection of ELME include lots of spreaders meant for various trailer and container handling operations. A few of their inventory consist of: Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers, Harbour Cranes, Lift Trucks, Straddle carriers, Ship to Shore Spreaders and a huge array of attachments.

ELME manufacturing and production is done in a highly automated purpose built factory. In the year 2008, they created over 1150 spreaders by way of using top quality parts to be able to guarantee dependability and top standards while offering competitive prices. Major features of ELME comprise design simplicity, market feedback and innovative modular spreader concept.
