

TCM Forklift Parts

TCM Forklift Parts - In the global industry of material handling, forklifts play an important part for transporting industrial goods. Primarily innovated as industrial vehicles in the 1930s in the U.S., forklifts gained recognition after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these machinery spread internationally.

In nineteen forty nine, established by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was recognized. Presently the business is simply known as TCM Corporation. Over the years, TCM lift trucks have become a worldwide leader in forklift manufacturing and have built a solid reputation in the trade. TCM began constructing forklift manufacturing locations outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly manufactures many models of industrial forklifts with more than 50 years of accumulated expertise and technology, making their products used and recognized all over the world. Characterized by energetic staff and strong initiatives, TCM continues to look toward the future and intends to become a world-class leading business.
