

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tedious it will really be to tidy up after a party, with no assistance from machines. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brooms, brushes and cleaning cloths were the top cleaning products during that time.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the company in the year 1906, he started to make motors in order to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the beginning was to own an international business selling products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that could be operated by a single person because it only weighed 17.5 kilos! This invention came in a time where numerous cleaning equipment were very big and required at least 4 operators, hence, the Nilfisk C1 changed everything and evolved the way we clean forever. The mastermind behind these very first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an ongoing crisis; things get filthy and should be cleaned frequently, without a lot of effort.

Gradually but steadily, Nilfisk-Advance grew throughout the years. During the nineteen eighties, this development actually happened when the business became a part of the NKT Group. Their new owners' determination and focus made Nilfisk-Advance take a huge leap forward within the business, aspiring to be one of the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is currently located in all parts of the world due to gradually obtaining a lot of smaller businesses in order to expand their product portfolio and presence in new markets. They are really proud to provide various cleaning solutions to fit each requirement.
